# STORYLINE

The year is 1674, and Chhatrapati Shivaji Maharaj is on the brink of establishing the great Maratha Empire. His loyal warriors, the Mavales, stand beside him, ready to defend Swarajya. Amongst them few of his bravest and most trusted warriors, who were given a secret mission-one that could change the course of history.

Now, centuries later, the search begins! But only the most worthy warriors can undertake this quest. First, you must prove your knowledge of history, showing your understanding of Shivaji Maharaj's legacy. Next, your perception and strategy will be tested, as you piece together visual/audio clues from the past. Finally, those who pass these trials will embark on a thrilling adventure, following cryptic messages and hidden signs to uncover the lost weapon and reclaim the forgotten treasure.

The hunt will take you through three thrilling challenges, each inspired by Shivaji Maharaj's legendary battles, forts, and guerrilla warfare tactics. Solve puzzles, decipher ancient scripts, and test your courage as you follow Mavale's footsteps across time.

Only those with wit, valor, and loyalty to Swarajya will succeed. Are you ready to become the next great warrior of Chhatrapati Shivaji Maharaj? Jai Bhavani! Jai Shivaji!
